DFT GROUP OF INSTITUTIONS

DMI Foundations Trust (DFT) is a strategic organization established by **Rev. Fr. Dr. J.E. Arul Raj**, the founder of the Religious congregations of Society of Daughters of Mary Immaculate and Collaborators (DMI), Society of Missionaries of Mary Immaculate (MMI) and Associate Movement International (AMI) to facilitate the strengthening and development of the Charism and the well being of the Societies, by sharpening the vision, along with lay collaborators and experts; and the effective management of the Societies by safeguarding, developing, managing and administering the resources which are the patrimony of the Founder, left in the form of investments, deposits, lands and institutions towards Loving God in serving the Poor. DMI Foundations runs various Educational, Social, Pastoral and Business Institutions in USA, Brazil, Germany, France, Italy, Vatican City, Tanzania, Zambia, Malawi, Ethiopia, South Sudan, Central African Republic, Papua New Guinea, and India. Also have some plans to start new missions in some new geography such as Argentina, and Bhutan.

- To indoctrinate right values and universal brotherhood.
- To incorporate student-centric and joyful learning.

MESSAGE FROM THE FOUNDER

Rev. Fr. Dr. J.E. ARUL RAJ

Founder - DMI, MMI & AMI

Dear Friends,

DMI and **MMI** are Congregations of Catholic Religious Sister's and Priest's known for their selfless service to humanity in many parts of the world. Self respect through self sustenance, self sustenance through capacity building, capacity building through Knowledge based technical skills, knowledge based technical skills towards respectable employment, and respectable employment towards the realization of one's ability to market one's own ideas, skills and products is our vision for those whom we serve.

To groom well disciplined, humanly motivated, intellectually enlightened, technically oriented citizens with stamina built in to face the changing world and a committed and strong spiritual base is our goal. All our educational and developmental services are oriented towards this goal which is to be achieved through the collective effort of consecrated religious committed collaborators, dedicated staff, receptive students and all other concerned.

We pray and hope that every person who passes through our hands is nourished and enriched in every way, not only to face the future but also to shape his or her own future and that of our country and the universe.

May God bless you!

PRINCIPAL'S MESSAGE

"A good education is a foundation for a better future"

School plays a significant role in stimulating the cognitive skills through education. School education is the primary avenue for the child to acquire knowledge in different areas of both the academics as well as the extra-curricular activities. At **DMI St. Joseph Global School**, with the well-balanced curriculum and quality education, we ensure that our students are well-equipped to face the global challenges at any cause. Here we as a team of dedicated and well-trained staff work consistently to train every student of our school to become successful in their life with values aligned.

One of the main purposes of education is socialization and the development of social skills. It is a process where children learn to communicate with others, and understand the needs of others and also to being human rather than a mere human being. With the advanced developments in Science and technology in this era, our students are also encouraged to excel in all domains on par with the of 21st century skills. We also strive to develop their creativity that helps to prove their uniqueness at all endeavours with flying colours.

"Educating the mind without educating the heart is no education at all". True to these words, we educate our students to understand the purpose of creation and work with the intelligence for the benefit of everyone and also to uplift the society. We tend to nurture the child not only with the studies but also we take immense measures to inculcate both the moralistic and holistic values, so that as they grow up they will be an exemplar for the future generations also, to lead a life in harmony with nature.

With prayer and regards

Sincerely Yours

Principal

KINDERGARTEN

The psychology and sensitivity of the young child are the foundations for the adult. Keeping this in mind, the Kindergarten section mentors the child through:

- Observation and Assessment
- Interaction and Communication through various activities
- Focus on developing the child's sensory and motor skills

MIDDLE SCHOOL (GRADE VI – VIII)

The pre teen years are both impressionable and receptive. Hence the teaching methods and aids are designed to take this into account.

The Middle School offers:

- Individualized learning paths assuring coverage of varied concepts and skills.
- Interactive Curriculum throwing challenges to the learner at every stage.
- Independent mode of learning and expression.
- Learning through experience: activities mapped according to the curriculum.

SENIOR SECONDARY (GRADE XI AND XII)

Students of class XI to XII may take Science, Commerce or Humanities stream each of which covers 5/6 subjects.

Science stream: Any 5 subjects from the following group are offered - English Core, Mathematics, Physics, Chemistry, and Biology/Computer Science.

Commerce stream: Any 5 subjects from the following group are offered - English Core, Business Studies, Economics, Accountancy, and Computer Science/Mathematics.

PRIMARY SCHOOL (GRADE I – V)

In keeping with the rich and varied imagination of the young minds, schooling involves stress free and attractive methods such as:

- Regular monitoring of the child's progress through innovative testing tools
- Development of the child's academic and technical skills with the help of modern learning devices such as Smart Boards, Computerized Programs in various subjects.

SECONDARY SCHOOL (GRADE IX – X)

At this level the objectives and methodologies of the Board Exams are primarily focused upon.

The students are monitored and trained so that they are well prepared and confident about the upcoming State exam. This is done through:

- Constant evaluation in accordance with the norms of CBSE Board
- Emphasis upon the Oral (Speaking) and Aural (Listening) skills as a part of the ICSE English Project.
- Learning made easy through seminars, audio-visuals aids, power point presentations and role play.
- Well equipped labs help the students gain practical knowledge.

DMI St. Joseph Global School encourages the needs of a learner for an innovative and joyful learning experience through identification, nurture and development of the student's talents.

- Interactive sessions in all subjects, worksheets, 3D interactivity, Video and multimedia objects.
- The methodology and learning aids involved are Computerized Program in Mathematics and NIE (Newspaper in Education).
