NEWS LETTER FOR THE MONTH OF JUNE - 2025

A Warm Welcome to New Beginnings

The school's enthusiastic welcome ceremony on June 2, 2025, marked a memorable start to the new academic session. Students were greeted with traditional sandals and flowers, setting the tone for a joyful reunion. With customized selfie frames and photo opportunities, students captured special moments with their class teachers and peers. The event showcased the teachers' creativity and dedication, making the students feel valued and excited for the year ahead. This warm welcome paved the way for a promising academic year, filled with new experiences and opportunities.

"Greening the Future" Celebrating World Environment Day

On June 5, 2025, our school celebrated World Environment Day with great enthusiasm, focusing on environmental conservation and sustainability. The Eco Club conducted a special assembly, raising awareness about key issues and promoting eco-friendly habits. Students actively participated in poster-making and speech preparation, highlighting the importance of protecting our planet. A plantation drive was also organized, where students planted trees and seeds in the school garden, learning about the significance of greenery. This hands-on experience motivated them to contribute to a sustainable future, with a promise to "Plant a Tree, Make Our World Greener."

Grade 1's Anatomy Adventure"

On 10.06.25 Grade 1 students visited a biology lab to learn about the inner parts of the human body through interactive activities, aiming to introduce basic anatomy in a fun and engaging way. Students explored 3D models, diagrams, and hands-on experiments to learn about major organs like the heart, lungs, and brain. The activities promoted curiosity and understanding, and students gained a basic understanding of inner organs and body systems. This experience provided a unique and engaging way for students to learn about the human body, laying the foundation for future scientific exploration.

The Grade VI plant grouping activity held on June 11, 2025, was an engaging and educational experience for the students. The activity began with an introduction to plant classification, where students learned about the basic characteristics used for grouping plants. During the garden visit, students observed and interacted with various plant species, learning about different types of leaves and identifying examples of each type. The activity began with an introduction to plant classification, where students learned about the basic characteristics used for grouping plants. During the garden visit, students observed and interacted with various plant species, learning about different types of leaves and identifying examples of each type. They also explored common plant diseases, observing infected plants and discussing ways to prevent and manage diseases.

Through this hands-on experience, students gained a deeper understanding of plant biology and developed essential skills in observation, classification, and critical thinking. The activity concluded with students sharing their observations and key takeaways, showcasing their newfound knowledge and enthusiasm for plant care.

Empowering Young Minds Against Child Labour:

On June 12, 2025, our school celebrated Anti-Child Labour Day, fostering awareness and empathy among students. Through creative posters and thought-provoking speeches, students from various classes showcased their understanding of this important issue. The event was graced by two chief guests from JP College of Education, who appreciated the students' efforts and emphasized the significance of eliminating child labour. As a token of appreciation, students were awarded certificates and honored during the school assembly. This celebration not only educated students about the plight of child labour but also instilled a sense of social responsibility, empowering them to become advocates for change in their communities.

A

On June 12, 2025, our school celebrated Father's Day with enthusiasm and love. Students from all grades came together to prepare thoughtful greeting cards and beautiful bouquets for their fathers. The heartfelt gestures brought joy and smiles to the faces of the fathers, making them feel special and appreciated. The activity received wonderful feedback from parents, who were touched by their children's efforts. It was a wonderful way to express gratitude and love towards our fathers, making our school proud.

Discovering Numbers with Fun

Our Grade 1 students had an exciting experience visiting the Maths Lab, where they explored the world of numbers through interactive and engaging activities. With hands-on exercises, they learned to count, recognize, and write numbers, developing their foundational math skills. The lab visit helped students understand number concepts, build confidence in math, and make learning a fun experience.

Through this activity, students took their first steps towards becoming math enthusiasts, laying a strong foundation for future math exploration.

Tamil Vibhavangal: Unleashing Creativity

On June 18th, Grade 3 students embarked on a creative journey, transforming their classroom into a vibrant space that showcased the beauty of the Tamil language. Through a series of artistic activities, students decorated the classroom with colorful decorations, developing their artistic skills and cultural appreciation. This engaging experience allowed students to express their creativity while celebrating the richness of Tamil heritage. This engaging experience allowed students to express their creativity while celebrating the richness of Tamil heritage.

The activity not only enhanced their language skills but also instilled a sense of pride and appreciation for their cultural roots.

The students' enthusiasm and creativity made the event a memorable one, highlighting the importance of arts and culture in language learning.

"Good Things: Building Eco-Friendly Habits"

Our Grade 3 students participated in an engaging activity titled "Good Things," where they learned about the importance of good habits and environmental responsibility. Through interactive discussions and practical exercises, students practiced valuable lessons such as preserving flowers, maintaining hand hygiene, and conserving water. This activity not only raised awareness about eco-friendly practices but also encouraged students to incorporate these habits into their daily lives. By instilling these values at a young age, we aim to foster a sense of responsibility and sustainability that will benefit our students and the environment in the long run. The enthusiasm and participation of the students made this activity a resounding success, setting a positive tone for their future endeavors.

Math Lab Adventure

On June 18th, Grade 1 students had an exciting experience in the Maths Lab, exploring addition and subtraction concepts through hands-on activities and visual aids. By participating in engaging exercises, they developed their problem-solving skills and built a strong foundation in basic math operations. The interactive experience not only made learning fun but also boosted their confidence in math. The lab visit helped students understand number concepts, and they were able to visualize, manipulate, and reason mathematical ideas.

National Reading Day:

Our school celebrated National Reading Day on June 19, 2025, with these engaging competitions, aiming to foster a love for reading, creativity, and self-expression among our students, making the day a memorable one.

Competitions:

- Kindergarten: Rhymes competition
- Grades I & II: Story-telling session
- Grades 3 to 5: Story-telling with objects
- Grades 6 to 9: Creative writing

World Yoga Day Celebration

On June 20, 2025, our school celebrated World Yoga Day by organizing a mass drill and yoga session. Students and faculty participated enthusiastically, performing various yoga asanas that promoted physical well-being, mental calmness, and spiritual growth. The event emphasized the importance of yoga in maintaining a healthy lifestyle and fostered a sense of community and discipline among the participants.

International day against drug

On June 26, 2025, our school held a special assembly to observe the International Day Against Drug Abuse and Illicit Trafficking. Our principal delivered a key speech, shedding light on the dangers of drug abuse and its devastating effects on individuals and society. The students also showcased their talents through speeches and a poster display, highlighting the importance of staying away from substance abuse.

Many students prepared and delivered speeches, demonstrating their public speaking skills and confidence. The poster presentation added a creative element, allowing students to express themselves visually. Overall, the special assembly was a success, highlighting the students' efforts and creativity in promoting awareness about drug abuse prevention.

English and Hindi Clubs activities-National Reading Day Celebration:

The Reading Aloud and Essay Writing Competition, held on June 20, 2025, as part of National Reading Day celebrations, was a resounding success. Organized by the English and Hindi clubs, the event drew enthusiastic participation from students who showcased their reading and writing skills. In the Reading Aloud segment, participants demonstrated impressive fluency, pronunciation, and expression in both languages. The Essay Writing Competition saw students delivering thoughtful, well-structured pieces that highlighted their creativity and knowledge. Throughout the event, club members played a pivotal role in encouraging participants, fostering a sense of camaraderie, and promoting a love for reading.

Overall, the competition not only identified talented students but also instilled confidence and a deeper appreciation for literature, underscoring the importance of such initiatives in nurturing young minds.

"Tamil Club Debate: Exploring the Merits of Traditional and Modern Food"

The Tamil Club's debate on "பாரம்பரிய உணவா? நவீன உணவா?" was a resounding success, with students actively participating and presenting their arguments. Participants discussed the merits of both traditional and modern food options, highlighting the cultural significance and nutritional value of traditional cuisine, as well as the convenience and innovation of modern food. The debate fostered critical thinking, effective communication, and cultural awareness among students, promoting a deeper understanding of the importance of balancing tradition and modernity in food choices.

Overall, the event was a valuable experience for participants, encouraging them to engage with important issues and develop their public speaking skills.

"Joy of Sharing" - KG Department's Toy Day Celebration

The KG department celebrated Toy Day with immense enthusiasm, bringing a wave of excitement and joy to the little learners. Students eagerly brought their favorite toys and charts from home, showcasing their creativity and personal interests. During the celebration, each child was encouraged to speak about the toy they had brought, sharing stories and experiences associated with it.

This interactive session not only enhanced their communication skills but also fostered a sense of confidence and camaraderie among peers. The event was a delightful blend of fun and learning, highlighting the importance of sharing and storytelling in early childhood development.
